

## The 2012 North American Police Equestrian Championships

Now in its 29<sup>th</sup> year, the North American Police Equestrian Championships provide an opportunity for mounted police officers from across the US and Canada to demonstrate not only their equestrian skills, but to display the exemplary trust and teamwork that they have established with their noble equine partners. The Championships allow mounted police officers to compete in a quality venue and to be recognized and rewarded for excellence in mastering skills integral to public safety and security.

Each year, this event is hosted by a different community in the US or Canada.

The 2012 Organizing Committee, comprised of local officers and community volunteers, is committed to producing a quality, innovative and first-class event for the officers and their equine partners...

**But to accomplish this goal, we most definitely need your support.**

The level of support we receive will determine the quality of the event we can offer these dedicated law enforcement officers and their equine partners.

**Admission to the Event is Free**
